

CAROLINA CAREER READY

CORE CAREER COMPETENCIES

Critical Thinking

Think big. Solve smart.

Use creativity and logic to analyze problems, evaluate options, and make informed decisions.

Build it at USC.

Join research projects, case competitions, or problem-solving initiatives that challenge your thinking.

Example Behaviors:

- Analyze complex issues using evidence and reasoning.
- Ask meaningful questions to clarify and deepen understanding.
- Evaluate solutions before deciding on a course of action.
- Reflect on outcomes to improve future decision-making.
